Orvin Flying Horse Attends Golden Gloves in Hawaii

Recently, Orvin Flying Horse participated in the 50th Annual National Golden Gloves Tournament of Champions in Honolulu, Hawaii, USA. The tournament was staged in the Boswell Coliseum in Honolulu to observe the Golden Glove's 50th Anniversary in our 50th state.

Orvin, who fought in the flyweight division at 112 lbs., left Wichita, Kan. on March 28th. Following stops in Oklahoma City and "Big" Dallas, he flew directly to Honolulu International Airport. While there, he spent most of his free time sightseeing and surfing at Waikike beach. His workout activities included running along the beach and swimming up to 5 hours daily.

Orvin won his first 2 fights but was KO'ed late in the 3rd round, of his 3rd fight, by Rick Savage of Lafayette, La. Ironicallv Rick Savage was KO'ed in his next bout.

While in Honolulu Orvin saw most of the highlights of the island which included Pearl Harbor, Diamond Head, Museums and Luaus. His only complain was losing his tan while surfing. Among the souvenirs he brought home was a Hawaiian grass-skirt. He is still hoping to find a girl that can wear it.

Orvin said he enjoyed the trip and experience he gained in his fights. His next goal is to become a member of the next Olympic boxing team.

Congratulations Orvin!

A Message From the Supt.

Just a few quick words to welcome each of you back to the spring quarter. This is the time of the year when various activities seem to come at you at once, keeping everybody busy. I do hope you have made plans to take part in these wholesome activities to help keep you busy. It also makes time pass quicker.

Have you made plans for the summer? We will be taking a poll for the summer quarter before too long. Decide now if you plan to remain for the summer quarter.

The result of the poll will assist us in making plans for the summer. The plans will evolve around the initial figure from the polls. A summer quarter list will be made from a result so if your name does not appear on the list, it might be too late to fit into the planned quarter.

The air conditioning system in Antone Hall and the Student Union is near completion. We are looking forward to this as they are vitally needed.

I wish to remind each of you to review the handbook and the school policies are in effect but I note violations by some of the same students. If you have any questions about the meaning of some of these policies, check with your counselors. There has been general improvement in grades, attendance and responsibilities. Keep up the good work and lets breeze through the spring quarter.

LIBRARY NEWS

"Did everyone notice how 'spiffy' our library looks?" (As Mr. Levier put it). The library received some new counters. Now the library is looking good. Mr. Levier is proud of the library, so if you happen to walk into the library and find someone with a big cheesey smile, that's our librarian . . . . . Mr. Levier.

Also the library is anticipating the purchase of some paperback books soon. Any suggestions you may have regarding the selection of these books would be helpful and appreciated. Students, drop by the library and add to the list of books that you would like to read.

INDIAN SCHOOL JOURNAL

The **Indian School Journal** is published bi-monthly by the Chilocco Indian School. Its purpose is to serve the student body as a newspaper where school events are recorded and news items are published. Its views reflect the student body in general, and do not reflect the Administration policies.

The price of the Journal is fifty-cents per volume, October to May inclusive.

Auto Body Repair

The body shop class recently took a field trip to Cessna Aircraft Co. at Stroth-Field in Arkansas City, Kansas. The students got to see how the Cessna 150's were made from the beginning to the end of the product. The body shop students' goal was to see how the planes were painted and designed. The students that went on the trip were: Gordon Coyote, Boscoe Wade, Darrel Battiest, Ruben Hairyback, and Chris Lewis.

Also the boys have been working hard at their projects of repairing cars. One of their projects they're working on is a '57 Chevrolet. They are repairing dents, patching holes, along with some other projects that needed to be repaired.

Two new students have enrolled in the class, Rupert Dick and Darrel Battiest. The body shop class is sorry to say that they are losing a student this week which is Gordon Coyote. He has completed all his school work and is to graduate in June.

The boys seemed real enthused with their projects, and are confident in their work. Mr. Larney is real proud of his body shop class.

CREATIVE WRITING

FRIENDSHIP

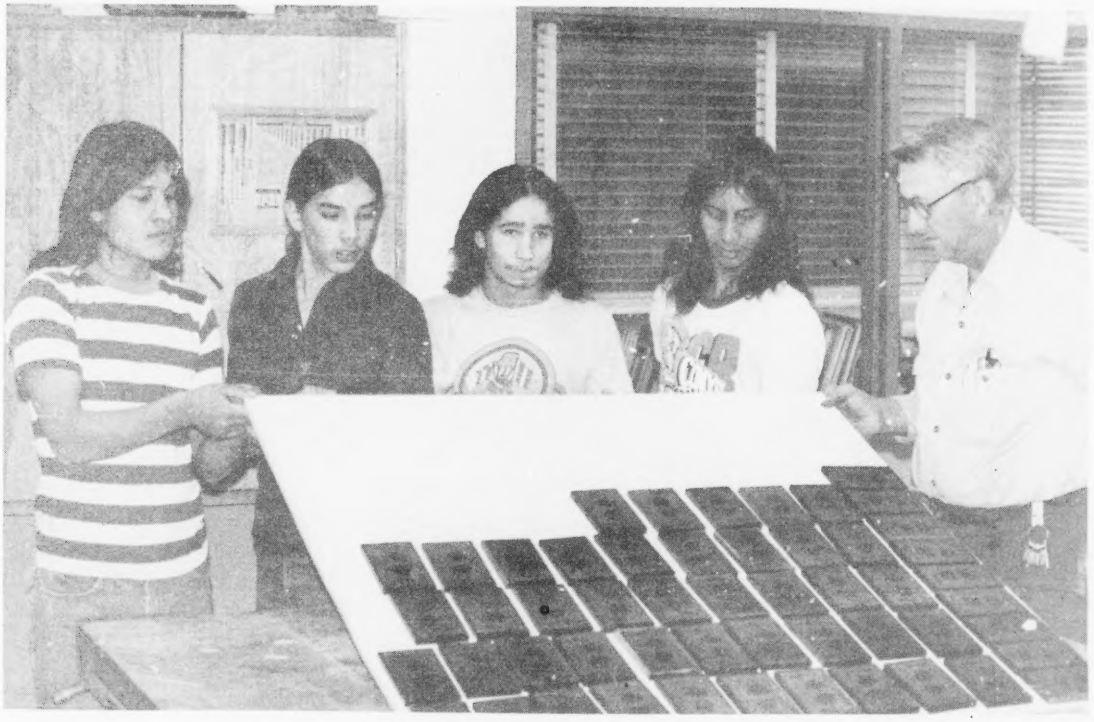
Friendship is like a pair of old jeans.
When there's a gap,
you patch it.

CLOWN

Everyone knew when I stepped
into town
I was the greatest fighter around.
A lot of people call me a
clown.
But I'm the one who calls the round.
The people come to see a good
fight,
But all I will do is put out the lights.

THE BODY SHOP has been working on many such projects this year this is just one of the many fine jobs they have turned out.

HERE YOU CAN see what it looked like before they began repairing it.



MR. LLOYD MEANS, with students from his Foundry class, left to right: Richard Grass, Wendell Bowman, Matt Klossner and Eddie Billie recently completed these plaques, with help from the Woodworking class, for the Delta Gamma Kappa sorority. They were used to honor the outstanding teachers of Kansas.

Woodworking News

The students of the woodworking shop have been very busy this quarter. They've been helping the Foundry class make wooden plaques for a banquet the Delta Kappa Gamma sorority held recently in Winfield, Kansas. The sorority honored the outstanding teachers in the state of Kansas. Mrs. Larney represented Chilocco and presented the plaques.

The students have done a fine job and we would like to recognize the students that participated in the project. They are: Wesley Zotigh, Clyde Blackburn, Thomas Knight, Reynolds Furr, Steve Bear, Kelly Blaine, Brenda Guoladdle, Scott Martin, Benny Martinez, Steven Rattler, Joey Watkins, Wichita Blaine, and Tom Morris.

We encourage these students to keep up the good work.

IF I DIE

If only when I die
you'll bury me at Chilocco High
Put my Math book at my feet,
tell Mr. Stone of my defeat.
Put my art at my side,
tell Mrs. Austin that's why I died.
Put my Science on my chest,
tell Mrs. Burnette I did my best.
Put my English at my head,
tell Mrs. Hanshew that's why I'm dead.

DONALENE AND DONALD BUNCH recently transferred to Anadarko, Okla. where Donald began work with the U.S. Agriculture Dept. A reception was held in their honor for the years they have been in the BIA. We at Chilocco appreciate the years the Bunches spent here and wish them success in their new location.
